

A Workshop in Adobe GoLive Design Diagrams

Course Title :	A workshop in using Design Diagrams in Adobe GoLive
Duration :	½ Day
Pre-requisites :	General Knowledge of web sites.
For Whom:	<p>The course is intended for people who wish to create design diagrams of a web site. Design diagrams are used to show the structure of a web site before actually creating the pages. GoLive's designs can be converted to pages automatically.</p> <p>This course can be run for either experienced GoLive users, or purely as a conceptual development tool.</p>

Course Objectives: At the conclusion of the training participants will be able to -

- Create and View design diagrams
- Add pages to the diagram
- Add grouping indicators to the diagram
- Add boxes and notes
- Publish the designs to paper, PDF or SVG for review
- Create a web site from the diagram
- Move between the web site and the diagram.

Course Design: This workshop is part of our FastTrack Training scheme.

Training is undertaken in a one-on-one situation, or with a small group from the same workgroup. Throughout the course, the instructor will fully demonstrate and explain each new concept. This demonstration and explanation, coupled with plenty of practical exercises ensures that participants are able to meet the course objectives.

Participants are encouraged to bring samples of their work, both hard copy and on disk to the workshop, as well as a list of questions.

Notes are provided to each participant to take away at the conclusion of the training and each participant will have the exclusive use of a computer for the duration of the course.

Course Outline

DESIGN DIAGRAMS IN GoLIVE - 1/2 DAY WORKSHOP

OVERVIEW

- About diagrams
- Basic steps in the process

CREATING DIAGRAMS

- Creating and Opening
- Display views
- Adding pages
- Defining sections
- Adding Links
- Pending links
- Custom objects
- Grouping Objects

PRESENTING DIAGRAMS

- Master items
- Boxes
- Annotations
- Level Objects
- Displaying link lines
- Printing
- Exporting

SUBMITTING DIAGRAMS

- Staging
- Submitting
- Recalling and Updating
