

An Advanced Workshop in Adobe Photoshop CS5

Course Title :	Advanced Workshop in Adobe Photoshop CS5
Duration :	1 Day
Pricing :	Basic: 1 person \$750, 2 people \$850 - see web for full details
Pre-requisites :	Strong working knowledge of Adobe Photoshop.
For Whom:	The course is intended for people who wish to extend their control of Adobe Photoshop, to precisely select parts of an image and to transform it accurately.
Course Objectives:	At the conclusion of the training participants will be able to -

- Work with Selections
- Create custom vignettes
- Remap Images
- Retouch scanned images
- Use Masks and Channels
- Create custom fills
- Create Duotones, tritones, and quadtones
- Handle Photoshop Objects
- Separate images

Course Design:

This workshop is part of our FastTrack Training scheme.

Training is undertaken in a one-on-one situation, or with a small group from the same workgroup. Throughout the course, the instructor will fully demonstrate and explain each new concept. This demonstration and explanation, coupled with plenty of practical exercises ensures that participants are able to meet the course objectives.

Participants are encouraged to bring samples of their work, both hard copy and on disk to the workshop, as well as a list of questions.

Notes are provided to each participant to take away at the conclusion of the training and each participant will have the exclusive use of a computer for the duration of the course.
